

3Let paint some graffiti!

Social program for Tuesday 20.8. at 16-18

On the second week's Tuesday, we have reserved a private entry to Wasa Graffitilandia. Watch what the more experienced graffiti artists from around the world have created and make your own 'I was here' to the designated walls and paints provided at site. We'll cover the cost of entry and some spray paint so you can let your creativity loose.

Graffitilandia will be open just for the summer school between 16-18.00 so let's try to have a good lunch, get there as soon as possible after the last lecture and then go for the dinner (at your choice of place and cost) afterwards. They are expecting us around 16.30.

See the web page at: <https://wasagraffitilandia.fi/en/frontpage/>

Address: Opistokatu 8

How to get there (see <https://vaasa.digitransit.fi/?locale=en> from Wolffintie 32 to Opistokatu 8)

- by bike (who have them)
- by scooter (who dare to use them)
- by local bus number two from front of the campus. Hop of on the bridge that goes over the railroad and walk couple of minutes from the bus stop to Graffitilandia
